Compensation & Benefits

When you are choosing a firm to launch your career, the bottom line can determine whether you accept or reject a job offer. So, for the right individuals we offer a premium compensation and benefits package. We also offer a working environment that is pro family and pro individual.

The compensation package includes a generous **three weeks of personal time**, an excellent salary, comprehensive health, dental and vision insurance, a 401K Plan, 3.5 times your annual salary in life insurance, a cafeteria plan for additional health, dental and child care expenses and long term disability and long term care insurance.

We like to play as a group as well. We field softball teams, participate in Office Olympics, play rousing games of paintball, host family days at baseball and hockey games and schedule “let’s have some fun!” parties just to socialize.
